

Use this 10-minute reflection to get clarity + next steps with EduQuencher support tools.

Mid-Point Academic Impact Snapshot

A family check-in to understand how your child is really doing—and how EduQuencher can help

Purpose of this guide: This tool helps you notice what's working, what's slipping, and where EduQuencher can support your child. Instead of waiting for report cards, use this now to catch concerns early and pair them with ready-to-use learning supports.

1 • Quick Gut-Check

Check all that apply. These help identify whether your child may benefit from Homework Help or a 700+ course.

☐ **Homework feels overwhelming.** EduQuencher's Homework Help can walk them through tough assignments.

☐ **Frequent missing assignments.** Students can finish missing work inside Homework Help sessions.

☐ **Grades are slipping.** Try a quick skill refresh in a relevant EduQuencher course.

☐ **They get stuck easily.** Homework Help provides live support instead of frustration or shutdowns.

☐ **They avoid certain subjects.** A targeted course can rebuild confidence in under 15 minutes a day.

☐ **School stress feels high.** EduQuencher lets them get help without feeling embarrassed or behind.

2 • Simple Progress Scales

Circle or mark where things stand today. Lower numbers may signal areas where EduQuencher can help reinforce skills.

	1	2	3	4	5
Understanding class content					
Turning in assignments on time	1	2	3	4	5
Confidence in core subjects	1	2	3	4	5
Ability to work independently	1	2	3	4	5

3 • Quick Class Snapshot

Identify where your child may need extra practice or homework support through EduQuencher.

Class	Trend	Missing Work?	Needs EQ Support?
Math	B → C+	☐ Yes ☐ No	Try Math Homework Help or Algebra course
		☐ Yes ☐ No	
		☐ Yes ☐ No	
		☐ Yes ☐ No	
		☐ Yes ☐ No	

4 • Conversation Starters

Use these to open a calm, supportive dialogue that leads into using EduQuencher tools.

Understanding Needs

- “What class feels the hardest right now? Want to try Homework Help tonight?”
- “Where do you feel most behind? Let’s pick a course to help catch up.”
- “If you had support on one subject, which one would make everything else easier?”

Planning Support

- “Before frustration kicks in, let’s open Homework Help.”
- “Which EQ course should we start this week to rebuild confidence?”
- “Do you want help making a 10-minute study plan?”

5 • Simple Action Plan – Choose One

Each option uses EduQuencher as a ready support tool.

OPTION A Boost routine

- Do Homework Help 2–3 nights/week.
- Check missing work together once/week.
- Set a predictable homework start time.

OPTION B Build skills

- Pick 1 EQ course (Math, ELA, Science).
- Complete one 10–15 min lesson nightly.
- Use Homework Help for tough problems.

OPTION C Reduce stress

- Use EQ to prevent last-minute panic.
- Break big work into small steps.
- Celebrate each small win with EQ progress.
